

# Parent Technology Survey

Child's name \_\_\_\_\_

Parent Email: \_\_\_\_\_

What kind of technology is available to your child at home?

desktop     laptop     ipad/tablet     ipod/ ipod touch

The technology we have is available for adults only.

We do not own any of these devices.

Do you have internet access at home?      Yes / No

Do you have an email you check regularly?      Yes / No

Do you send and receive text messages?      Yes / No

Are you familiar with QR codes?      Yes / No

Would you be interested in learning more about educational websites and apps for your child?      Yes / No

We are trying to transition to technology based communication with parents as the predominate way to disseminate information at school.

Would you be able to reliably receive emails, texts, call out phone messages, and other electronic communication from school?      Yes / No

If not, we are able to accommodate with teacher phone calls and notes home.
